## STORY

Once upon a time there was a carton of milk called Carton. Carton was bought by a family in a supermarket. It was recycled and it went to the yellow container. A lorry carried him to a factory. When it arrived at the factory, it escaped. Then he went to a paper container and met a bottle of water, Mike. They were talking and they became close friends. Mike explained Carton why it should be recycled. Carton helped Mike to escape of the paper container and as Carton was very clever, he carried Mike to his correct container. Then Carton came back to the factory and it was recycled. Mike was turned into a window and Carton was turned into a piece of a board. They were placed in the same classroom of a school and lived together happily forever.
